

Hans Kristianssensymposiet

Biology and Ecology of Pike

Pike researchers meet in Lund and
present their favourite topics

Finding food and staying alive

Anders Nilsson

Coping with environments

Jonna Engström-Öst

Spatial ecology

Lene Jacobsen

Population genetics

Lovisa Wennerström

Recruitment and populations

Thronnd Haugen

Predator-prey and trophic interactions

Anders Persson

Stocking for conservation and fisheries

Nicolas Guillerault

Habitat restoration

Olof Engstedt

Stocking for lake restoration

Christian Skov

Recreational piking

Thomas Klefoth

Commercial fisheries

Anna Kuparinen

Invasive northern pike

Kristine Dunker

11 Oct 2016, 10.00-18.00

Blue Hall, Ecology Bldg,
Sölvegatan 37, Lund University

Register by 30 Sept 2016 to
anders.nilsson@biol.lu.se

The symposium is free of charge, but with
limited seats and binding registration.

Chairs: Anders Nilsson, Lund University;
Christian Skov, Danish Technical University
